138 W. 143rd Street, 10030

Dear Friends and Supporters

Before Ryan Health reflects on 2019, we first want to acknowledge the unprecedented circumstances that we are experiencing in 2020. COVID-19 has taken a major toll on New York City, especially on the underserved communities of color that Ryan Health has served for over 52 years. We collectively mourn the loss of so many. In addition to being affected by the ongoing pandemic, communities of color are being deeply impacted by the public health crisis of racism. Ryan Health is committed to fight for racial justice for our communities and our staff.

The doors at Ryan Health have remained open throughout these crises and our frontline healthcare workers are providing essential services to patients in need. We are meeting the demands of a new reality that requires constant vigilance to prevent new cases of COVID-19. We also are actively fighting pervasive systemic and institutional racism in our society. As we have for decades, Ryan Health is dedicated to addressing major challenges.

Last year, we met the challenge of providing Medication Assisted Treatment or MAT to a greater number of patients with opioid use disorder. Certified practitioners prescribed buprenorphine to treat opioid addiction. Patients received psychosocial support, guidance, and medication monitoring to ensure their full recoveries.

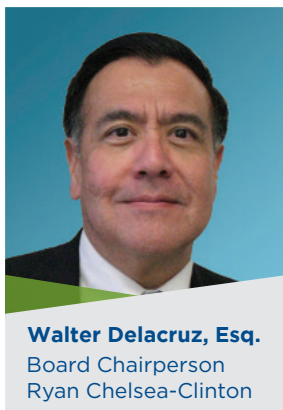

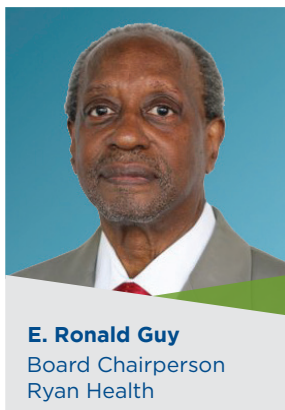

Our Title X Family Planning program came under siege in 2019 due to new highly-restrictive regulations. Important services include access to birth control, screenings for STIs, and guidance to help patients plan their pregnancies. By working closely with the New York State Department of Health, Ryan Health has been able to continue to offer high-quality family planning and sexual health services at three sites without unnecessary barriers to care.

In 2019, Ryan Health took major steps toward expansion by securing space for a new health center in Washington Heights – the neighborhood with the greatest health needs in Manhattan. The center is currently under construction and expected to open in the fall of 2020. Once up and running, the site will have seven exam rooms and provide primary care and specialty services to an estimated 3,500 patients annually.

The Caring for New York Gala in June of 2019 also was a major success. Over 450 people gathered to celebrate our health centers, applaud our board members, staff, and patients, and recognize the important role community health centers play in our great city. What we celebrated – Caring for New York – continues to remain essential for so many.

As the pandemic reveals the enormous inequities in our current healthcare system, our role is even more critical to our more than 50,000 patients. While we don't know what changes to healthcare will come, one thing that will always stay true is Ryan Health is Here for You.

Thank you for your support of Ryan Health. Stay safe, stay healthy, and stay strong.

Our Mission

Ryan Health is dedicated to providing high quality, affordable, comprehensive, linguistically appropriate and culturally competent health care services to medically underserved populations. All patients are treated equally with dignity, respect, courtesy, confidentiality, and concern for safety. The organization's mission is guided by the founding principle that "Health Care is a right, not a privilege."

"All staff at Ryan Health are friendly and courteous. After 14 years here, I feel part of the Ryan Health family."

— **Ryan Health** | West 97th Street Patient

For over 52 years, Ryan Health has served communities most in need by providing essential primary care, health education and prevention, and supportive services, as well as a wide range of specialty care. Ryan Health is committed to continuously developing new programs and services to meet the needs of the New York City communities we serve. We connect patients to the services they need, and as a trusted source of quality healthcare, we build long-lasting relationships with our patients.

2019 Highlights

Dental Investments

Ryan Health's Dental Department provided a wide variety of services in 2019, resulting in over 25,000 encounters for adults and children. Ryan Health also made a major long-term investment in vital equipment, including new procedure chairs for every dental exam room at four of its health centers. Updating the procedure chairs enables our dentists and hygienists to provide a higher level of care. In addition, dental x-ray units were upgraded in several exam rooms to provide high quality diagnostic imaging, while streamlining services for thousands of patients.

HIV Services and Support

Ryan Health has been a leading provider of quality HIV care, treatment and prevention services since 1988. Our multidisciplinary HIV care teams work together to create individualized care plans for people living with HIV who have a wide variety of needs. Through tabling, outreach, and a series of innovative educational events in 2019, including shared knowledge of experts in the field, Ryan Health offers comprehensive services for patients infected and affected by HIV.

Women, Infants, and Children Program

The Women, Infants, and Children Program (WIC) is a supplemental nutrition program that is open to all families who meet enrollment requirements, even if they are not Ryan Health patients. To better serve families, Ryan Health enabled WIC to transition the supplemental nutrition assistance program (SNAP) from paper benefits to electronic benefits in 2019. Serving 3,000 families per month, this new e-system allows for more flexibility in providing outreach, nutrition benefits, and in servicing pop-up clinics to deliver the full spectrum of WIC services at all our health centers.

Ryan Chelsea-Clinton Expansion

In 2019, Ryan Chelsea-Clinton was the recipient of a NYS Transformation grant to renovate existing space to increase its clinical capacity. The expansion will result in an additional six exam rooms and facilitate the integration of primary care, behavioral health, and specialty care services. With additional clinical space, Ryan Chelsea-Clinton's patient population is estimated to increase 31% over three years.

“Ryan Health has
a center full of
wonderful people
who are always
ready to help.
Your ladies out
front maintain a
sense of humor
against all odds.
I leave feeling
relieved and
cared for. I am
blessed to have
discovered the
West 97th Street
health center!”

Ryan Health is committed to the fiscal viability and credibility of its operations. This audit has been prepared by an independent firm in accordance with generally accepted auditing standards and is based on the financial statements of Ryan Health and Ryan Chelsea-Clinton. With guidance from its Boards of Directors, Ryan Health continually makes investments in programs, initiatives, and capital construction to fulfill its mission and meet the needs of the communities it serves. Ryan Health is a proud recipient of federal grants to support its projects and programs. For more information about this funding, please visit our website at www.ryanhealth.org. Based on sound financial management practices and prudent investments, Ryan Health offers quality programs, develops new approaches to primary care delivery, and provides an environment that is consistent with federal and state regulations.
